The Boeing YB-40 Flying Fortress was a modification for operational testing purposes of the B-17 Flying Fortress bomber aircraft, converted to act as a heavily armed gunship for other bombers during World War II. At the time of its development, long-range fighter aircraft such as the North American P-51 Mustang were just entering quantity production, and thus were not yet available to accompany ... I have no idea as far as gaming goes if this is a good game or not but I will tell you that my 4 year old and my 8 year old LOVE this game! It was purchased for my 4 year old and it is easy enough for him to play but I don't know if he understands all the concepts.
